Linear Regression

Supervised Machine Learning

f_1	f_2	f_3 — — — f_n	y
BP	Insulin	Age — — — — —	target
			1
			0
			1
			1
			0

Diabetes Prediction (1/0)

Yes No

1. Classification
   - Binary class (Two classes)
   - Multiclass classification

2. Regression
   - Continous real number

$\boxed{\text{Linear Regression}}$

House Price Prediction

f_1	f_2	f_3	--	f_n	y
# bedrooms	# washrooms	# balcony	--	--	target
					1 cr
					50 lakh
					5 cr

continous real number

$\Longrightarrow$ Mathematical Intuition of Linear Regression
